

Will You Believe a Politician or Facts?

Read the Following Extracts
From Commissioner Edwards'
Circular Letter, and the
Replies Thereto:

The Railroads were very anxious to get the Southern classification of Rates adopted. Their anxiety about the matter aroused MY suspicion, and I naturally reasoned that if the railroads were so greatly interested in it they must be getting something out of it, so when the present Railroad Commissioner took the oath of office, the first thing it did was to order a rehearing of the case.

Read the Above Very Carefully and
Then Read Below:

Mr. E. A. Crowley,
Indianola, Miss.

Dear Sir:

In reply to your favor of May 11th, you are correct in your impression that the Board of Trade of Meridian were the principals in handing the case in which YOU took part for us at Jackson.

(Signed)
GREENWOOD GROCERY CO.

Mr. E. A. Crowley,
Indianola, Miss.

Dear Sir:

You are right. It was this Board, through Mr. Moore, who was then our Secretary, who made the fight for the change in classification.

Contradicting Mr. Edwards' Fake Letters.

You Will Have

of the Entire
State.

Mr. E. A. Crowley,
Indianola, Miss.

Dear Sir:

Considering the quantity of freight bills that you audited and the money you obtained for us, we cannot speak too highly of you as an accurate Auditor.

(Signed)

LELAND HARDWARE CO.

To Whom It May Concern:

This is to certify that E. A. Crowley collected \$275.00 for me.

BAIN FURNITURE CO.

This is to certify that E. A. Crowley collected for me \$77.97 within four days after given to him for collection, after I had tried two years to collect from the Illinois Central.

H. G. KITCHELL.

This is to certify that E. A. Crowley collected for us \$132.43 and the rates quoted by him were below the ones quoted by the General Freight Department of the Illinois Central.

(Signed)

BELZONI OIL MILL.

To Whom It May Concern:

Crowley was my Cashier for some time, and was afterwards given entire charge of the office and working force in the capacity as chief clerk and rate man. He is a thorough railroad man; energetic, faithful, honest and reliable, and I consider him among the best in rates and railroad tariffs.

(Signed)

A. N. KIMBALL.

Mr. E. A. Crowley,
Indianola, Miss.

Dear Sir:

Your accounts were audited and found to be correct. I would be pleased to recommend you as being honest, hard worker and deserving young man.

(Signed)

R. F. SABIN.

The other candidate, Mr. McDowell, said he would hire a rate clerk, and that we should have a lawyer in the position. This is the trouble today. Mr. Edwards hired a rate expert and the following extract will show how much he knows.

You cannot expect a rate of three cents for twenty-five miles, but it is all right for another town to get 2 1-2 cents for 44 miles.

(Signed)

M. C. MOORE, R. E.

And who will see that you are put on even basis with all competition. Get your products to market on the same basis as your competitor.

Now let the politicians come forward with some letters of recommendation SIGNED.

Over half of our freight tariffs are rotten with discrimination and in violation of the decisions of our highest courts, yet they are being used in our State.

Get out of the old rut and elect a man who knows something. Let the politicians get a job and go learn something.

Will check every station in District and see that the correct rates are charged. Unclaimed over charges will go to the Confederate Veterans Home, which will be a great help.

Give Mississippi her rate base. Get the steamboats back. Stop hauling through the State for less than they will stop within.

EDWARD A. CROWLEY,
OF INDIANOLA, FOR
RAILROAD COMMISSION

I am not using my friends record, my own is good enough.

I am 35 years of age, expert rate clerk and Railroad accountant. Always a friend of labor proven by being chosen their representative in three different strikes.

I am not going to insinuate anything. I will tell it straight from the heart.

I challenge both of my opponents to debate, any place in the State, and both of them refused—KEEP IN YOUR HOLE, boys, or you will sure be shown up.

Have 15 years actual experience with six different lines in various departments. Represented the shippers of the State in rate cases before the Commission. Addressed the Senate and Legislature to have the present rate clerk appointed. Have actual experience in the Oil Mills, Cotton, Railroad and wholesale Grocery.
